Curriculum Development

English Program Developing: I have created and developed a full (four level) English program that enables and arms students with the skills needed to communicate effectively and sufficiently using English. The duration of the program is four months (consisting of four levels) where each level is intensively covered over the period of one month. The purpose of the program is to academically and professionally train Jordanian students from different educational institutions and the Jordanian Canadian College Students successfully maintain their diplomas.

Services:

I have voluntarily participated in the language partner program from 2004 until 2007 in the Language Center at the University of Jordan. This requires showing the foreigners around the country, helping them interact with the Arabic culture, and exchange languages.

I also was the vice president of the Arabic Language and Cultural Student Association at North Dakota State University. This association is dedicated to fostering the study of Arabic and promoting understanding of the Arabic culture.
