

The University of Jordan
Faculty of Foreign Languages
Department of English Language and Literature

Course Title: Writing Research

Course number: 2201312

Instructor: F. H. H. H. H.

Course Description:

This course aims at introducing students with relevant writing research skills. Students will be trained to apply their accumulative knowledge, writing skills, and insight to master the basic techniques of doing research and developing argumentative as well as analytical research strategies. Ample emphasis will be placed on the crucial methods of scholarly research and writing from scholarly sources.

Learning Outcomes:

- A- Knowledge and Understanding: Students should
 - 1- understand the components of writing research
 - 2- know how to write researched essays
 - 3- know their different audiences and meet their expectations
 - 4- expand their knowledge of scholarly research
- B- Intellectual Skills/ Cognitive Skills: Students should
 - 1- Analyze the writing of others and identify the problems that might arise while conducting research
 - 2- Compare and contrast various styles of writing research
- C- Transferable Skills: Student should
 - 1- Become better at expressing their thoughts, ideas, and ideologies within multiple contexts
